

Dear Child Care Provider:

Bright from the Start: Georgia Department of Early Care and Learning is pleased to offer free training on the core licensing rules for teachers and directors of child care programs.

In conjunction with Georgia State University, a two-day training focusing on the core licensing rules has been developed and will be presented by Best Practices teachers from Georgia State University. This training will be presented in 4 locations around the state from October 2011 through April 2012. The training is free to you and attendees will receive 12 hours of training credit which meets licensing requirements. Child care teachers and directors will need to attend both days of training to receive credit.

You will be able to register for this training on-line in the next few weeks. We'll send further information to you about this.
