

Early Start Child Care Resource & Referral

Technical Assistance

What is Technical Assistance? Technical Assistance is support to child care providers who request assistance by phone, office-visit, or on-site to help with room arrangements, program start-up, rules and regulations, and much more.

How is Technical Assistance Used? Technical Assistance is used to enhance the quality of the child care environment, enhance the learning and development of children, and help staff solve problems and create strategies.

Who is it for? YOU! As a child care provider this is a free service for you to aide in empowering and assisting in growth and change.

Why should you make the most of Technical Assistance? Utilizing technical assistance can improve the quality of your child care environment. As a provider you will increase skills in developmentally appropriate practice and your professional development.
